

Any mystery as to why we can't balance our state budget?

State: **California**
Data Type: All **Employees**, In Thousands

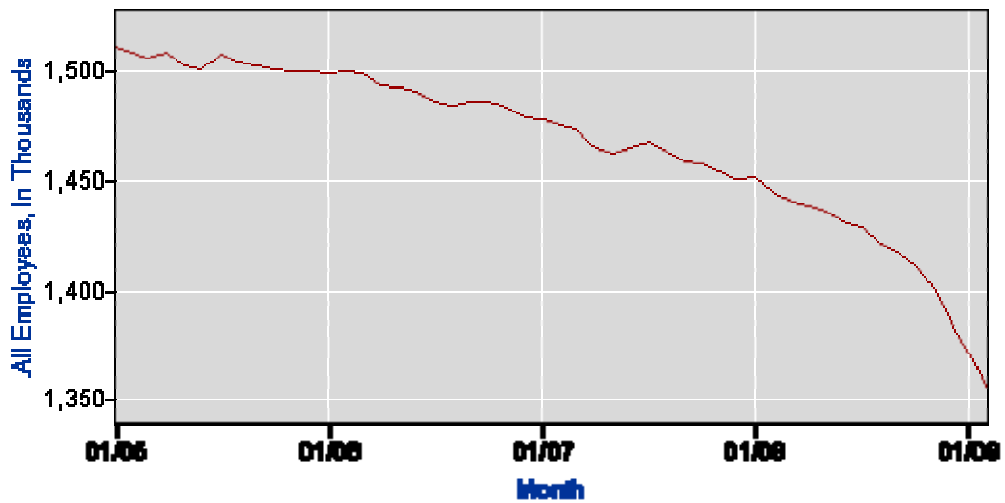

Industry: **Government**

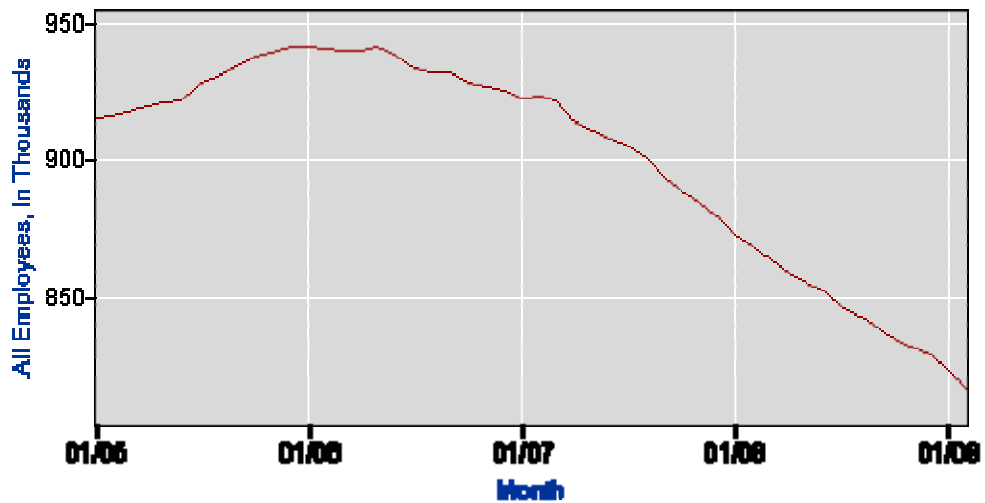

Hmm....Employment has been going up quite a bit for "Government"

Now look below at the other sectors in our state:

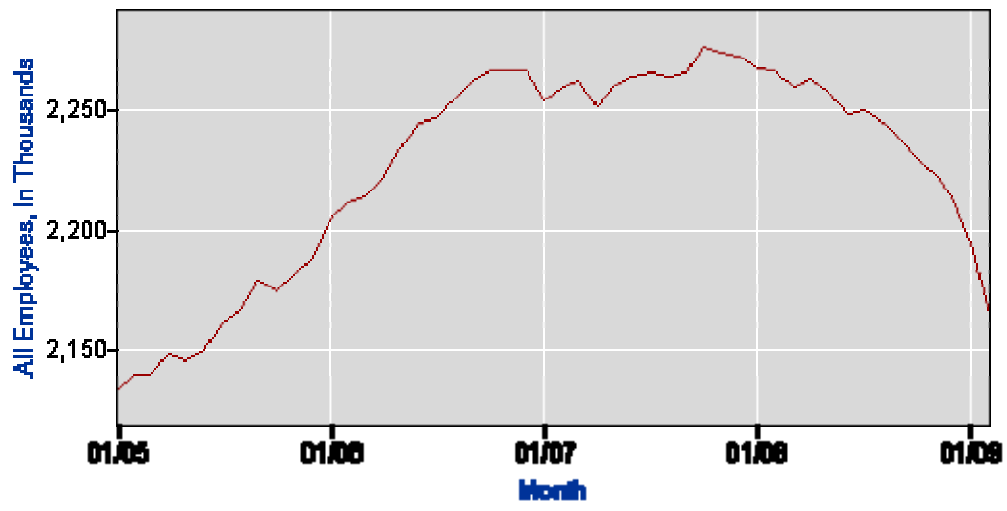

Industry: **Manufacturing**

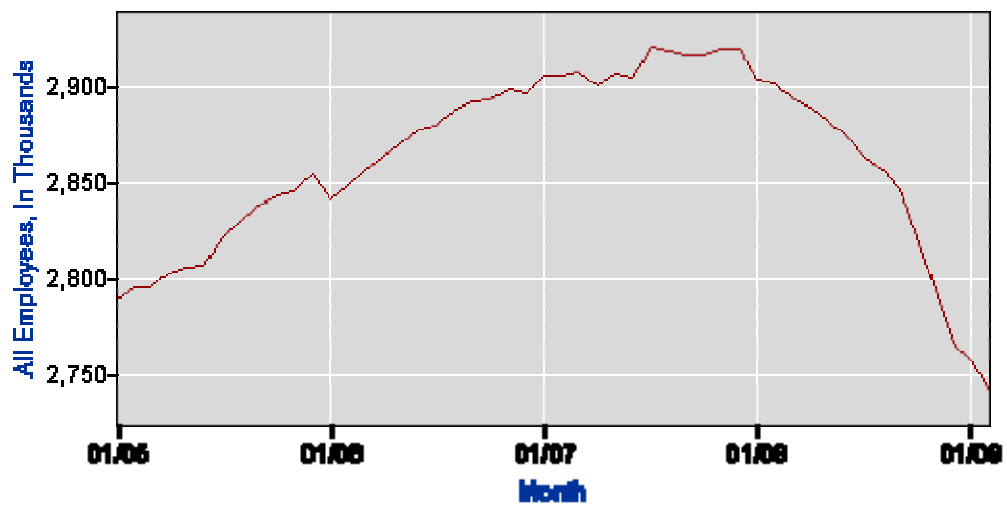

Industry: **Financial Activities**

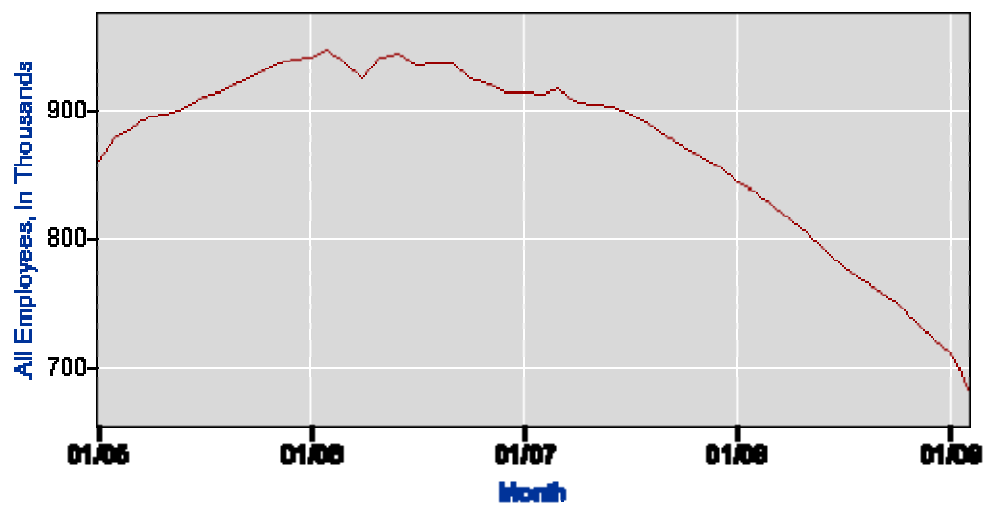

Industry: **Professional and Business Services**

Industry: **Trade, Transportation, and Utilities**

Industry: **Construction**
